Travel Club Membership
Discontinued effective
December 31, 2011

With this year's increase in program and travel membership fees fewer members joined the Travel Club.

Travel Club membership benefits are early notification of trips, priority registration and choice of bus seating for day trips. Travel discounts were discontinued a while ago.

Many travel club members are often at the centre. With insufficient people signing up, it is sometimes difficult to meet suppliers' deadlines for payment. By opening up registration immediately to all members, we hope to have more passengers sooner.

You will still be able to pick up the Syme Travel Times at the centre.

If you wish, you can continue to have a subscription sent to your home for \$8.00.

This is the last mailing of Syme Travel Times to Travel Club members. You will continue to receive priority registration and choice of bus seats for day trips listed here.

We will continue offering you trips where you want to go with your Syme friends.

Thank you all for your many years of faithful membership.
